Journal of Translational Internal Medicine, a publication of International Society of Translational Sciences, is a peer-reviewed online journal with Quarterly print on demand compilation of issues published. The journal's full text is available online at http://www.intern-med.com. The journal allows free access (Open Access) to its contents and permits authors to self-archive final accepted version of the articles on any OAI-compliant institutional / subject-based repository. The journal does not charge for submission, processing or publication of manuscripts and even for color reproduction of photographs.

Journal of Translational Internal Medicine is academically supported by:

- World Association of Chinese Cardiologist
- Asia Society of Cardiology
- International Society of Translational Sciences,
- Infectious Diseases Society of China,
- Internal Medicine Society of Chinese Medical Association,
- China Alliance of COPD, China RTI Optimal Treatment Committee,
- Drug Clinical Assessment Committee of Chinese Pharmaceutical Association

**Similarity Check Plagiarism Screening System**

The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

We are pleased to announced that Journal of Translational Internal Medicine has been recently accepted by PubMed Central database.
EDITORS-IN-CHIEF
