Similarity Check Plagiarism Screening System

The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

Kairos. Journal of Philosophy & Science is an open access peer reviewed journal published by the Center for Philosophy of Science of the University of Lisbon (CFCUL) on a three-monthly basis (issues in March, July and November). Following CFCUL’s main objectives, Kairos aims to publish original and consistent research in the areas of Philosophy of Science and of Philosophy and Science. In that sense, it accepts philosophical papers motivated by scientific research as well as philosophically relevant scientific papers, from areas such as metaphysics, politics, ethics, aesthetics, logic, philosophy of language, philosophy of mind and cognition, philosophy of mathematics, philosophy of physics, and philosophy of biology.

The journal does not have article processing charges (APCs) nor article submission charges.

Rejection Rate

50-60%
