Why subscribe and read

The journal contains descriptions of new taxa, systematic revisions, diagnoses, keys for identifications of insects, contributions to their ecology and geographical distribution.

Why submit

The journal is mailed to over a hundred institutions and libraries in Poland, Austria, Belgium, Bulgaria, Czech Republic, Slovakia, Denmark, Finland, France, Greece, Spain, Netherlands, Slovenia, Croatia, Serbia, Bosnia and Herzegovina, Germany, Norway, Portugal, Romania, Switzerland, Great Britain, Italy, Russia, Hungary, Ukraine, Belarus, Lithuania, Kazakhstan, Azerbaijan, China, India, Japan, United States of America, Canada, Argentina, Brazil, Chile, Australia, New Zealand, Morocco, Republic of South Africa. We do our best to process submissions promptly, and to evaluate them strictly. All original research articles are carefully reviewed by at least two referees expert in the field of submitted paper. There are no restrictions regarding the subject, author, and geographic region. Articles have own DOI and access to full electronic version is free.

- 46%

Similarity Check Plagiarism Screening System

The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.
Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

The Polish Journal of Entomology was founded in 1922 as a periodical of the Polish Entomological Society under the title Polskie Pismo Entomologiczne (subtitle Bulletin Entomologique de Pologne). The journal publishes original research papers and reviews from any entomological discipline.

Information about financing of the Polish Journal of Entomology

Digitalization of volume 65 financed within the agreement No. 597/P-DUN/2016 from the resources of the Minister of Science and Higher Education devoted to popularization of science.

Editor-in-Chief
Bernard Staniec, Department of Zoology, Maria Curie-Skłodowska University, Lublin, Poland

Associate Editor
Halina Kucharczyk, Department of Zoology, Maria Curie-Skłodowska University, Lublin, Poland

Executive Editor
Paweł Buczyński, Department of Zoology, Maria Curie-Skłodowska University, Lublin, Poland

Subject Editors
Ecology, insect conservation
Edyta Buczyńska, Department of Zoology, Animal Ecology and Wildlife Management, University of Life Sciences in Lublin, Poland

Biodiversity, biogeography
Rafał Gosik, Department of Zoology, Maria Curie-Skłodowska University, Lublin, Poland

Taxonomy, systematics, applied entomology
Bożena Lagowska, Department of Entomology, University of Life Sciences in Lublin, Poland

Morphology, life history, behaviour
Ewa Pietrykowska-Tadruj, Department of Zoology, Maria Curie-Skłodowska University, Lublin, Poland

Technical Editor (anti-plagiarism system)
Jacek Chobotow, Zoological Museum, Maria Curie-Skłodowska University, Lublin, Poland

Statistical Editor
Joanna Pakulnicka, Department of Ecology and Environmental Protection, University of Warmia and Mazury, Olsztyn, Poland
Language Editor
Peter Senn, Gdynia, Poland

Editorial Advisory Board
Dany Azar, Lebanese University, Beirut, Lebanon
Sergei Belokobylskiy, Institute of Zoology, Russian Academy of Sciences, St. Petersburg, Russia
Jarosław Buszko, Nicolaus Copernicus University, Toruń, Poland
Michael S. Engel, University of Kansas, USA
William L. Grogan, Salisbury State College, Salisbury, Maryland, USA
Patrick Grootaert, Royal Belgian Institute of Natural Sciences, Brussels, Belgium
Jan Klimaszewski, Quebec City, Quebec, Canada
Zdenek Laštůvka, Masaryk University, Brno, Czech Republic
Jerzy A. Lis, Opole University, Opole, Poland
Jacek Szwedo, Museum and Institute of Zoology, Polish Academy of Sciences, Warsaw, Poland
Marek Wanat, University of Wrocław, Wrocław, Poland
Tadeusz Zatwarnicki, Opole University, Opole, Poland
