SEMINARS IN CARDIOVASCULAR MEDICINE
The Journal of Lithuanian Heart Association

Why subscribe and read
- The journal reflects status of cardiovascular medicine in the Baltic States and also contains articles from renowned authors.

Why submit
- Fast reviewing and publishing.

Rejection Rate
- 20%

Similarity Check Plagiarism Screening System
The editorial board is participating in a growing community of Similarity Check System’s users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

The journal covers all fields of cardiovascular medicine and mostly reflects status of cardiovascular medicine in the Baltic States, but also publishes papers submitted by authors from other countries.
