

SOLID-STATE CHEMISTRY OF ALUMINA-CHROME REFRACTORIES

H.G. EMBLEM AND T.J. DAVIES

*Manchester Materials Science Centre
University of Manchester and UMIST
Manchester M1 7HS, U.K.*

(Received: 10 January, 1993)

CONTENTS

	Page
1. Introduction	104
2. Aluminium (III) Oxide, Chrome Ores and Chromium (III) Oxide	105
2.1. Corundum (α -alumina)	105
2.2. Chrome Ores (Chromite)	107
2.3. Chromium (III) Oxide	109
2.3.1. Chrome Pigments	110
3. The System Aluminium (III) Oxide - Chromium (III) Oxide	110
4. Preparation, Properties and Uses of Alumina-Chrome Refractories	113
4.1. Preparation of Alumina-Chrome Refractories	114
4.2. Properties and Uses of Alumina-Chrome Refractories	117
4.2.1. Mechanical Properties	119
5. Health and Safety Considerations	120
6. Acknowledgements	121
7. References	121
