## ABOUT THE CONGRESS

---

International Joint Science Congress of Materials and Polymers (ISCMP), which is organized with the aim of sharing scientific developments related to materials science and technology with a wide range of stakeholders, has been held every year since 2017. Following the first ISCMP (Ohrid, North Macedonia) in 2017, the congress was successfully held in Durres, Albania (ISCMP 2018), Pristina, Kosovo (ISCMP 2019), Tetovo, North Macedonia (ISCMP 2020), and Burdur, Turkey (ISCMP 2021).

The sixth of the congress (ISCMP 2022), organized by Canakkale Onsekiz Mart University (Turkey) in collaboration with the Chemists Society (Turkey), Burdur Mehmet Akif Ersoy University (Turkey), Turkish Cooperation and Coordination Agency (Turkey), Agriculture University of Tirana (Albania), University of Tetovo (North Macedonia), University of Prishtina (Kosovo), University of New York Tirana (Albania), Society of Chemists and Technologists of Macedonia, Tunisian Chemical Society, the Chemical Society of Pakistan, was performed in Durres, Albania between September 14 to 17, 2022. The subjects of the congress included all the areas of materials science and technology and of different related fields (e.g., chemistry, energy, food science and technology).

## HOW TO SUBMIT

---

The authors are kindly invited to register at our paper processing [system](#) and submit their contribution (both original papers or reviews are welcome) using a special track established for this special issue (Section/Category – "Special Issue on ISCMP 2022").

All manuscripts will undergo the standard peer-review process (single-blind, at least two independent reviewers) and will be treated in the same way as other regular articles (indexing, abstracting, immediate publication, etc.). Instructions for authors are available [here](#).
