

INFORMATICS

PUBLISHED IN COOPERATION WITH 2022 IEEE

16TH INTERNATIONAL SCIENTIFIC CONFERENCE ON INFORMATICS

GUEST EDITORS

Valerie Novitzká, Technical University of Kosice, Slovakia

William Steingartner, Technical University of Kosice, Slovakia

DESCRIPTION

[2022 IEEE 16th International Scientific Conference on Informatics](#) is a biennial international forum which gives room for scientists, experts in computer science and professionals in new emerging fields of informatics to present original research results, to share experiences and to exchange ideas about transferring theoretical concepts into real life. The conference provides a unique opportunity for establishing and maintaining professional relationships of widely recognized scientists between each other in specific areas of computer science.

SCOPE

Topics are included but they are not limited to the following:

- Cybersecurity and Cyber Resilience
- Data and Knowledge Bases
- Software Engineering
- Theoretical Computer Science
- Artificial Intelligence
- Education and Learning Analytics
- Virtual Reality and Computer Games
- Applied Informatics and Simulation
- Computer Networks and Telecommunication
- Distributed Systems
- Trends in Intelligent Systems
- Programming Paradigms, Programming Languages
- Human-Computer Interaction

HOW TO SUBMIT

Before submission authors should carefully read the [Instructions for Authors](#). All submissions to the Special Issue must be made electronically via online submission system [Editorial Manager](#)

All manuscripts will go through the [Open Computer Science](#) standard peer-review procedure. When entering your submission via online submission system please choose the article type **Special Issue on Informatics 2022**

Submission of a manuscript implies that the work described has not been published before by the authors or anyone else and it is not under consideration for publication elsewhere. In case an original paper was published as part of conference proceedings it is expected that a submission to this Special Issue will be extended by a minimum of 50%. Adequate authors' statements and reference to the original source should be included in a manuscript.

The deadline for the submissions is **March 31, 2023**, but individual papers will be reviewed and published online as they arrive.

Contributors to the Special Issue will benefit from:

- Fair and constructive peer review provided by experts in the field
- No space constraints
- Convenient, web-based paper submission and tracking system - Editorial Manager
- Fast online publication of articles (continuous publication model)
- Open Access to your article for all interested readers
- indexation in Web of Science (Emerging Sources Citation Index) and SCOPUS
- Long-time preservation (articles archived in Portico)
- Extensive post-publication promotion
- liberal policies on copyrights (authors retain copyrights) and on self-archiving (no embargo periods)

We are looking forward to your submission.
