
Please follow the format and sequence below and read the instructions carefully before providing the requested information.

1. **Acknowledgments:** If Acknowledgments are not applicable, please remove.
2. **Research ethics:** If ethical approval was not required, the ethical statement should read “Not applicable”. If ethical approval was required, include the appropriate information.
 - Make sure that the information on ethics is consistent with the information in the manuscript.
3. **Author contributions:** The default statement below is mandatory. Please include more detailed information about an individual author’s contribution, if applicable.
4. **Competing interests:** Replace the default statement below if any author(s) has/have a conflict of interest. Indicate who of the authors has a conflict of interest, and why, followed by “All other authors state no conflict of interest” (if applicable).
5. **Research funding:** Replace the default statement below if your study was financially supported.
6. **Data availability:** The default statement below is mandatory. If the type of study does not include raw data, replace the default statement with "Not applicable."

Acknowledgments

Insert, if applicable, otherwise remove.

Research ethics

See point 2 in the instructions above.
