## DESCRIPTION

---

This Special Issue in **Open Mathematics** is organized in cooperation with **The Gdańsk Workshop on Graph Theory (GWGT)**. GWGT is an annual, informal workshop whose goal is to provide a forum for scientists to meet, present their work, interact, and establish collaborations, in order to promote research in the field of Graph Theory, within Gdańsk and beyond.

The seventh edition of GWGT took place on July 1-5, 2019 on the Sobieszewo Island. This edition was dedicated to the 70th Birthday of prof. Jerzy Topp.

This Special Issue will feature selected and fully-refereed papers from the contributions presented at the workshop. The publication for the participants of the workshop will be free of charge.

We also welcome submissions not related to the workshop, i.e. the Special Issue is open to all potentially interested authors. However, such submissions will be subject to publication fees.

## HOW TO SUBMIT

---

All submissions to the Special Issue must be made electronically at <https://www.editorialmanager.com/openmath/>

Before submission, please carefully read the Instructions for Authors. All manuscripts will undergo the standard peer review process (at least two Referees, single-blind).

When entering your submission (via online submission system), please choose the option **Special Issue on Graph Theory (GWGT 2019)**.

Submissions for the special issue will be handled starting on April 1, 2019, while the deadline for submission is **August 14, 2019 (EXTENDED)**. Papers will be published in 2019 or 2020 online as they arrive (if accepted).

We are looking forward to your submission!

If you have any question, please contact **Dr. Justyna Żuk**, Managing Editor, [Justyna.Zuk@degruyter.com](mailto:Justyna.Zuk@degruyter.com).
