DESCRIPTION

Open Archaeology invites manuscripts for the Special Issue on Ancient Cultural Routes: Past Transportations Infrastructures as a Two-Way Interaction between Society and Environment.

HOW TO SUBMIT

The authors are kindly invited to submit their contribution via the online submission system Editorial Manager available at: <http://www.editorialmanager.com/opar/Default.aspx>

Please select the Category “Ancient Cultural Routes” to ensure that the manuscript is processed by the Guest Editors.

It is important that authors include a cover letter with their manuscript. The cover letter should explicitly state that the manuscript (or one with substantially the same content, by any of the authors) has not been previously published in any language anywhere and that it is not under simultaneous consideration or in press by another journal.

Before submission the authors should carefully read over the Instructions for Authors, which are located at:

www.degruyter.com/publication/journal_key/OPAR/downloadAsset/OPAR_Instructions%20for%20Authors.pdf

Submission of a manuscript does not necessarily imply approval for its publication in this Open Archaeology special issue. The manuscript will be subjected to a peer review procedure managed by our esteemed Guest Editors and its acceptance will depend on this assessment.

There are no specific length restrictions for the overall manuscript or individual sections; however, we urge the authors to present and discuss their findings in a concise and accessible manner. We recommend an average length of 8,000 words, excluding the bibliography and figure captions, and a maximum of 15 figures and tables.

We invite you to submit manuscripts up to **31 December 2022**. If you have any questions, please contact Francesca Fulminante (Francesca.fulminante@bristol.ac.uk), Francesca Mazzilli (mazzillifra@gmail.com) or Katarzyna Inga Michalak (katarzyna.michalak@degruyter.com).
