

Open Statistics is a fully peer-reviewed, open access, electronic journal that publishes significant, original and relevant works in all areas of statistics.

The journal provides the readers with free, instant, and permanent access to all content worldwide; and the authors with extensive promotion of published articles, long-time preservation, language-correction services, no space constraints and quick publication after acceptance.

Open Statistics is a premier source of a high-quality research. All published articles are made freely and permanently accessible online.

Scope:

- ▶ Applications of statistical methods
- ▶ Biostatistics
- ▶ Computational statistics
- ▶ Data analysis
- ▶ Data mining
- ▶ Data science
- ▶ Decision theory
- ▶ Distribution theory
- ▶ Econometrics
- ▶ Estimation theory
- ▶ High-dimensional data analysis
- ▶ Inference from stochastic processes
- ▶ Mathematical statistics and more

EDITOR-IN-CHIEF:

Matteo Bottai, Karolinska Institutet, Sweden

CO-EDITOR-IN-CHIEF:

Marcel Ausloos, University of Leicester, United Kingdom

MANAGING EDITOR:

Natalia Michalak
