Statement of peer review policies

The Editors reserve the right to decline the submitted manuscript without review, if the studies reported are not sufficiently novel or important to merit publication in the journal. Manuscripts deemed unsuitable (insufficient originality or of limited interest to the target audience) are returned to the author(s) without review. The Editor seeks advice from experts in the appropriate field. Research articles are refereed by a minimum of two reviewers. The journal uses double-blind peer review model. Authors are requested to suggest two persons competent to review their manuscript. However, please note that this will be treated only as a suggestion, and the final selection of reviewers is exclusively the Editor’s decision. The final decision of acceptance is made by the Editor-in-Chief.
