Contents

Bernhard Wälchli and Benedikt Szmrecsanyi
Introduction: The text-feature-aggregation pipeline in variation studies ................................................................. 1

Wilbert Heeringa and Frans Hinskens
Convergence between dialect varieties and dialect groups in the Dutch language area ............................................. 26

Jack Grieve
A comparison of statistical methods for the aggregation of regional linguistic variation .................................................. 53

Benedikt Szmrecsanyi
Forests, trees, corpora, and dialect grammars .................................................. 89

Karen P. Corrigan, Adam Mearns and Hermann Moisl
Feature-based versus aggregate analyses of the DECTE corpus: Phonological and morphological variability in Tyneside English . . . 113

William A. Kretzschmar
Complex systems in aggregated variation analyses .................................. 150

Sascha Diwersy, Stefan Evert, and Stella Neumann
A weakly supervised multivariate approach to the study of language variation .................................................. 174

Tom Ruette, Dirk Geeraerts, Yves Peirman and Dirk Speelman
Semantic weighting mechanisms in scalable lexical sociolectometry . 205

Maria Koptjevskaja-Tamm and Magnus Sahlgren
Temperature in the word space: Sense exploration of temperature expressions using word-space modelling .................. 231

Östen Dahl
The perfect map: Investigating the cross-linguistic distribution of TAME categories in a parallel corpus ................. 268
Ruprecht von Waldenfels
Explorations into variation across Slavic: Taking a bottom-up approach ................................ 290

Annemarie Verkerk
Where Alice fell into: Motion events from a parallel corpus ........ 324

Bernhard Wälchli
Algorithmic typology and going from known to similar unknown categories within and across languages ........ 355

Thomas Mayer
Inducing place distinctions of consonants from their distribution in words ........................................ 394

Reinhard Köhler
Laws of language and text in quantitative and synergetic linguistics 426

Appendix ......................... 451

Author index ....................... 467
